

REMARKS

Claims 1-21 have been cancelled. New Claims 22-48 have been added and are now active in this case.

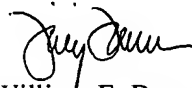

New claims have been presented merely to clarify the present invention. As such, this amendment is not a narrowing amendment for purposes of patentability. All of the above newly added claims are fully supported by the claims and disclosure as originally filed. No new matter has been added.

Accordingly, it is believed that this application is now in condition for examination on the merits. Favorable consideration is earnestly solicited.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 07-1337 and please credit any excess fees to such deposit account.

Respectfully submitted,
